How To Add A ColourJustification

1. Navigate to the ‘Create ColourJustification’ page by clicking on the ‘Admin’ and then the ‘ColourJustifications’ links and then on ‘Create ColourJustification’ in the ColourJustifications list page.
2. When the ‘Create ColourJustification’ page loads, add the ColourJustification’s name in the ‘Name’ field.
3. Click ‘Create’ and then the list of ColourJustifications will appear, complete with the new ColourJustification.
