How To Add A ColourJustification

1) Navigate to the 'Create ColourJustification' page by clicking on the 'Admin' and then the 'Colour Justifications' links and then on 'Create Colour Justification' in the Colour Justifications list page.

2) When the 'Create ColourJustification' page loads, add the Colour Justification's justification in the 'Justification' field.

3) Click 'Create' and then the list of Colour Justifications will appear, complete with the new Colour Justification that you just added.
